Create your very own magical Fairy Lights!
Please read through these instructions fully before starting to make your Fairy Lights.

What’s in the box?

- 1.5m String with 10 LED lights
- 10 Jewel light casings
- Sticker sheet
- 6 Jelly paints

What else do you need?

- 2 x AA batteries.
- An apron or old clothing for you to wear.
- A protective covering such as newspaper for your workspace and floor area underneath to protect furnishings from any paint spills.
**Colour with jelly paints**

Use your 6 glittery jelly paints to decorate each Disney Princess sticker. Make sure you don’t paint over the black outside line. Then place to one side and allow to dry completely for at least 24 hours.

**Top Tips!**

- To prevent air bubbles in the paint hold the tube with the nozzle pointing downwards when in use.
- Always replace your tube caps after use to prevent paint from drying out.
- To open the paint, turn the cap anti-clockwise.
- To unblock pens insert paper clip into nozzle.

---

**Assemble your lights**

You may need to ask an adult to help with this.

Unfold the string of lights, then arrange your jewel light casings into pairs and lay next to each light in the order you would like them displayed.

Place and hold an LED light inside one half of each light casing.

Next carefully position the other half of the light casing on top, making sure the circular shapes inside the light casing are aligned.

Once aligned gently squeeze both halves of the light casing together to hold the LED light securely in place. Repeat this for all 10 lights.

**Top Tip!** To pull apart a light casing simply squeeze both sides together then use your fingers to separate. You may need to ask an adult to help with this.
Choose & stick

Once your stickers are completely dry carefully peel from the sticker sheet and stick to each light casing.

Light & sparkle!

Ask an adult to insert 2 x AA batteries into the battery box (see back page for BATTERY INFORMATION).

Display your Fairy Lights in your room — they’re perfect for hanging around mirrors and picture frames! Then switch on to see your bedroom sparkle!
BATTERY INFORMATION

Disney Princess Fairy Lights requires 2 x AA batteries (not supplied).
We recommend alkaline batteries for optimum performance.
An adult should install the batteries and take note of the following – open the cover on the battery box by using a cross head screwdriver. Then slide the battery cover off. Next insert the batteries making sure the + and - signs on the batteries are aligned with the corresponding + and - markings inside the compartment.
Do not recharge non-rechargeable batteries.
Do not mix different types of batteries, or used and new batteries.
Rechargeable batteries are to be removed from the toy before charging them.
Rechargeable batteries are only to be charged under adult supervision.
Only batteries of the same or equivalent type, as recommended, are to be used.
Insert batteries in the correct polarity.
Remove exhausted (used) batteries from the toy.
Remove batteries from the toy if it is not going to be used for a long period of time.
Do not short-circuit the supply terminals.
Batteries should be replaced by an adult.
Do not attempt to power battery products from the mains supply and do not insert connecting wires into electrical socket outlets.
Dispose of used batteries at a recycling point. Never dispose of batteries in fire.

Disposal of old electrical and electronic equipment.

This symbol on the product or its packaging indicates that this product should not be treated as household waste. Instead it should be handed over to the appliance collection point of a recycling centre for electronic and electrical equipment.

For more detailed information about recycling of this product, contact your local Civic Office, your household waste disposal service or the place you purchased this item from.

WARNING. Not suitable for children under 36 months. Choking hazard - contains small parts. Strangulation hazard - long cord. Adult supervision required. Paints may stain surfaces, please protect clothing and the working area.
