Object of the game

The bears are dressing up today. Roll the foam dice and be the first to match the pictures on your playing cards with the pictures on the dice, which show what the bears are wearing today.

To play

Shuffle and deal 3 playing cards to each player. These cards show the bears wearing different items of clothing in different colours.

Each player places the 3 playing cards face up in front of them.

Starting with the youngest child, players take turns to pick up and roll the 4 foam bear dice.

Now all players look at their playing cards to see if any of the outfits shown on the upper face of the dice match any of the outfits on their playing cards.

If a player sees a match they shout “My Bear Wears…” and follows with the name and the colour of the clothing matched.
The first player to shout “My bear wears...”, and make a correct match, turns over that playing card. That player now picks up and rolls the bear dice.

If no match is made by any player, the next player to the left of the previous dice roller picks up and rolls the foam dice.

The winner

The winner is the first player to match and turn over all 3 of their playing cards.

Please note

If your child is struggling to play with all the dice and/or the number of suggested cards, try playing with 2 or 3 dice and/or 1 or 2 cards.

Teaches

- Colour and shape recognition
- Matching
- Co-operative play
