Recycle widely recycled

Recycle BOX - CARD widely recycled

**BATTERY INFORMATION**

PIXELO pen requires 1 x AAA battery (not supplied).

We recommend alkaline batteries for optimum performance.

An adult should install the battery and take note of the following - ensure the pen is turned off, then open the cover on the battery box using a cross head screwdriver.

Remove the battery cover and insert the battery making sure the + and – signs on the battery is aligned with the corresponding + and – signs inside the compartment.

Firmly screw the battery cover back in place.

Do not recharge non-rechargeable batteries.

Rechargeable batteries are to be removed from the toy before charging them.

Rechargeable batteries are only to be charged under adult supervision.

Only batteries of the same or equivalent type, as recommended, are to be used.

Insert battery in the correct polarity.

Remove exhausted (used) batteries from the toy.

Remove batteries from the toy if it is not going to be used for a long period of time.

Do not short-circuit the supply terminals.

Batteries should be replaced by an adult.

Do not attempt to power battery products from the mains supply and do not insert connecting wires into electrical socket outlets.

Dispose of used batteries at a recycling point. Never dispose of batteries in fire.

**Disposal of old electrical and electronic equipment.**

This symbol on the product or its packaging indicates that this product should not be treated as household waste. Instead it should be handed over to the appliance collection point of a recycling centre for electronic and electrical equipment.

For more detailed information about recycling this product, contact your local Civic Office, your household waste disposal service or the place you purchased this item from.

**WARNING. Not suitable for children under 36 months. Choking hazard - contains small parts. Adult supervision recommended. Pens may stain surfaces, please protect clothing and the working area.**

HOW TO USE PIXELO

Ask an adult to insert 1 x AAA battery into the battery box (see back page for BATTERY INFORMATION).

Now you are ready to doodle, design and dot using the amazing PIXELO pen.

- Choose a colouring sheet and place it in front of you.
- Now select a marker, insert into your PIXELO pen and remove the cap (see image below).
- Next turn ON your PIXELO pen and you’re ready to go!
- When you’re ready to change marker colour, simply turn OFF your PIXELO pen, remove the marker and replace with an alternative colour.
- Ensure the cap is firmly put back onto the marker when not in use to prevent the ink from drying out.

TOP TIPS!

You can achieve different effects depending on how you hold your PIXELO pen.

Dots

Lines

Plus on some of the colouring pages you’ll find areas left blank for you to draw and doodle extra detail. Or why not use the markers in the traditional way to add even more effects!

Add detail...

...and more effects!
