Cleaning up...

All items that make up Chocolate Sprinkle Stix except the base unit (A) can be washed in the dishwasher at a low temperature, or washed by hand using washing up liquid. Washing soon after use helps. Leave to air dry paying particular care to drain all excess water from the chocolate melter base (B).

DO NOT WASH THE BASE UNIT (A) AS IT CONTAINS ELECTRICAL COMPONENTS, SIMPLY WIPE CLEAN WITH A DAMP CLOTH.

BATTERY INFORMATION
Chocolate Sprinkle Stix requires 2 x AA batteries (not supplied). We recommend alkaline batteries for optimum performance.

An adult should install the batteries and take note of the following – open the cover on the base unit by using a cross head screwdriver. Next insert the batteries making sure the + and - signs on the batteries are aligned with the corresponding + and - markings inside the compartment.

Do not recharge non-rechargeable batteries.
Do not mix different types of batteries, or used and new batteries.
Rechargeable batteries are to be removed from the toy before charging them. Rechargeable batteries are only to be charged under adult supervision.

Only batteries of the same or equivalent type, as recommended, are to be used. Insert batteries in the correct polarity.

Remove exhausted (used) batteries from the toy.

Remove batteries from the toy if it is not going to be used for a long period of time.

Do not short-circuit the supply terminals.

Batteries should be replaced by an adult.

Do not attempt to power battery products from the mains supply and do not insert connecting wires into electrical socket outlets.

Dispose of used batteries at a recycling point. Never dispose of batteries in fire.

Disposal of old electrical and electronic equipment.

This symbol on the product or its packaging indicates that this product should not be treated as household waste. Instead it should be handed over to the appliance collection point of a recycling centre for electronic and electrical equipment.

For more detailed information about recycling of this product, contact your local Civic Office, your household waste disposal service or the place you purchased this item from.

WARNING! Not suitable for children under 36 months. Choking hazard - contains small parts. For use under adult supervision.

John Adams Leisure Ltd. is constantly endeavouring to improve quality standards and therefore colours, sizes and contents may sometimes vary from those shown.

Packaging and leaflets printed on recycled paper wherever possible.

Please retain this information for reference.

• Spinner
e Sprinkle dome base
• Sprinkle dome lid
• Funnel
• Spoon
• Breadstick holders x 4
• Sprinkle tray
• Display stand

• Chocolate or chocolate spread
• Breadsticks
• Sprinkles
• 2 x AA batteries & a small screwdriver
• A clean work surface
• A clean damp cloth
• An apron to protect your clothes
• Access to hot water

For use under adult supervision

• To ensure complete success with your Chocolate Sprinkle Stix read these instructions before use, follow them and keep them for reference.

• Store this product out of the reach of children under 6 years of age and animals.

• Wash hands before and after each activity.

• The area around the activity should be kept clean.
Before you begin...

• Read through the instructions before starting to make your Chocolate Sprinkle Stix.
• Protect the floor beneath your workspace in case any chocolate spills onto it.
• Place the unit and all the other parts on a clean flat surface (ideally a kitchen worktop or table covered with a wipe clean cloth).
• IMPORTANT! When using this product for the first time, hand wash all parts except the base unit (A). WARNING! DO NOT WASH THE BASE UNIT (A) AS IT CONTAINS ELECTRICAL COMPONENTS, SIMPLY WIPE CLEAN WITH A DAMP CLOTH.
• Position the dome base (E) onto the base unit (A) then click the spinner (F) in place. Now secure the dome lid (G) by twisting anti-clockwise.
• Fill your sprinkle tray (L) with sprinkles. IMPORTANT! Do not overfill the tray as sprinkles will only spill when you first scoop.

Melt...

Ask an adult to fill the chocolate melter (B), as shown, with hot tap water then carefully secure using the plug (C). IMPORTANT! DO NOT USE BOILING WATER.

10 MINUTES

IMPORTANT! It may take 5-10 minutes to melt the chocolate. Ensure chocolate is a smooth consistency before you move to the next step. You can also melt chocolate spread in the same way. WARNING! DO NOT PLACE CHOCOLATE MELTER IN MICROWAVE. We do not recommend using a microwave to melt chocolate as the chocolate will become too warm.

Take a breadstick and break so approximately 11 cm in length (use the guide on the front page). Now slide the breadstick into the breadstick holder (K) again, using the guide on the front page for correct positioning.

Sprinkle...

Carefully place your chocolate coated breadstick inside the sprinkle dome (G). IMPORTANT! Ensure your breadstick is not touching the spinner.

Add the funnel (H) and ensure it is in the closed position.

Blast!

Press and hold power button with one hand until the spinner is fully spinning, then turn the funnel with the other hand to release the sprinkles into the dome. Once all sprinkles have been released turn the funnel to the closed position. Hold power button for approximately 10 seconds or until your bread stick has a good coverage of sprinkles. Release button to stop.

Dip...

Insert the breadstick into the chocolate melter, then gently squeeze the breadstick holder before slowly lifting your breadstick out. Your breadstick should be covered with an even coating of chocolate.

Carefully remove your finished Chocolate Sprinkle Stix and place in the display stand (M) or eat straight away!
