1. Give each player a blank Qwaffle Score Sheet and grab something to write with.
2. Place the timer in the centre of the playing area so all players can reach it.
3. Take the playing cards and place them in the centre of the playing area with the single letter facing up.

AGES 8+ | 2+ PLAYERS

HOW TO PLAY!

1. Flip the top playing card over and place it next to the deck of cards. This will now reveal a new letter and a topic to match with.

For Example: Topic = It's Sticky & Starting letter = S

GET THINKING AND WRITING!

Your Qwaffle sheet is split into rows with numerous boxes, showing different lengths of words. Think of an answer to the topic that begins with the letter shown. Write one word down in any of your blank rows. Try to be as creative as possible!

2. Were you first to write your answer down?

YES! Take the timer and flip it over

NO! Eek! You now have until time runs out to come up with an answer.

3. Times up! Did you write an answer?

YES! Well done!

NO! Choose one of your blank rows and draw a line through it, scoring zero points.

4. That's it! Flip the top card of the deck over to reveal another topic and letter. Keeping going until the Qwaffle score sheet is completed.

NOTE

For an easier game, you can turn over two letter cards and one category card. Choose to use either letter to answer the category.

SCORING

Once you have completed the round of Qwaffle, it's time to score.

- Using the cards as a reminder, everyone calls out their answers in turn.
- Only unique answers score. (If your answer matched with another players, draw a line through the word and score zero.)
- Count the number of letters in the word e.g., Syrup would score 5 points.

Some cards give bonus points. If the Topic Card has a points bonus on it e.g., 2, the word 'Syrup' would now be worth $5 \times 2 = 10$ points.

HOW TO WIN!

Add up all your points and the player with the highest score wins!

Decide how strictly you want to play the game, and always be ready to defend a challenge.
